

# SHELF WORKS® SHELF MANAGEMENT SYSTEM MOLDED MINI DIVIDER SYSTEM

## DIVIDER SYSTEM

### Molded Mini Divider System

- Lowest Cost System.
- Quick and easy snap together installation.
- Breakaways on 1" dividers allow easy re-sizing in the field.
- Back Rail optional; saves on cost in common applications.
- Injection molded, rigid plastic construction.
- Recommended for small products.
- An extremely simple solution with only three components.

## DIVIDERS:

### MD 1/2" High Divider

Ideal for dividing smaller products. 1/2" high; 4", 6", 8", 10" and 12" lengths available. Beige, other colors available.

## FRONT RAILS /

### OPB Tape Mount

Low profile for optimal product visibility. Clear. 3' and 4' lengths, other lengths upon request. Adhesive tape; magnetic or foam tape also available upon request.

## PUSHERS /

### Auto Feed Not Applicable

Product pushers and slides are not recommended for use with Shelf Works® Molded Mini Divider System. If Auto Feed is desired consider the Extruded Modular or other systems.

## BACK RAILS:

### Optional OPB Back Rail

Extruded rail can attach to back of MDB divider to stabilize system. Clear. 3' or 4' lengths; others upon request. Adhesive tape; magnetic or foam tape also available.

## TWO STYLES

**MDB 1" Breakaway Divider**  
Ideal for dividing smaller products where a taller divider is desired. 1" high; 13" length. Beige, other colors available. Three 2" breakaways allow shortening in the field for use on smaller shelves.

Item No.	Description	Pack	W/ Ctn	Price per Each
